Company  
Profile**

---

[turqstoneslimited.com](http://turqstoneslimited.com)

**Our brand name “Turq Stones Limited” is inspired by the blueish-green North American special stone “Turquoise.” It is believed to bring luck, peace and protection, which underlines the values of our operations as a company.**

### ***Our Logo***

is a minimalist expression of our brand name, signifying our love for a simplistic approach to work and a shift from the normal bureaucracy in our industry.

### ***Our Brand Colours***

Turquoise Blue stands for balance and stability, as well as peace, growth, and energy.

# Message From The CEO

Every customer is dear to us. We are a large family and we look forward to you joining us.

Ours is simple and clear. To increase the profitability of the construction/mining industry, its related supplies, and general corporate business support by implementing innovative business procedures and strategies.

At Turq Stones Limited, we are dedicated to achieving new heights and assisting our partners in exceeding their business objectives

*Dromeryda A. Aguyapong*

---

CEO

# About Company

which was to provide building and construction services to companies and individuals in Ghana.

But we could not overlook the ample opportunity in the supply chain sector of the construction and mining industry. Promptly, we redefined our mission in 2021, to align with our new services which include supplying general materials and machinery, Corporate Support Services, Advertising and Civil Works.

We have since immersed ourselves in the event management industry where we help private citizens and public agencies set up and manage events of all kinds and sizes.

# Our Core Values

## *Trust*

01

Our business operation is mainly characterized by the release of confidential information to and from our clients. To this end, we have a strong trust bond that keeps all business transactions strictly between us. We are also dedicated to ensuring that our promises are kept at all times.

## *Innovation*

02

We approach our work with new ideas and concepts that both introduce new systems and improve upon the existing ones. Our ability to think outside the box gives our clients an advantage over their competitors.

## *Integrity*

03

We have carved a strong reputation for ourselves as a responsive and efficient company. Our team is dedicated to maintaining this reputation through diligent delivery of quality services. We treat our team and clients with fairness and honesty.

## *Customer Satisfaction*

04

Our company uses a customer-first approach in the delivery of all our services. We believe that the customer is the most important stakeholder in our success journey so we are continually devising new ways to give them ultimate satisfaction.

### **Objective**

To become the 'go-to' brand for all Corporate Assistance services and Building Construction projects.

### **Mission**

To supply to our customers the best goods and services in total fairness and according to standard practices.

### **Core Strength**

Our core strength is our versatility and our team which is made up of both experienced and young workers.

# Our Services

We offer a wide range of services to companies in the construction/ mining sector. Here are some of our most-patronised services:

## *Corporate Support Services*

Our brand offers exceptional business support services to corporate entities of all kinds and magnitude. We see to the day-to-day handling of our partner firms, manage their financial systems, recruit and manage staffing and manage their corporate communication.

We act as an extra pair of hands in handling your secondary business activities so you can focus on the main activities and maximize your revenue.

## *Advertising*

We formulate and implement advertising strategies to improve your business's marketing efforts and general turnovers. Our strategies cover both traditional and digital advertising channels.

We maximize your campaign budget so you can achieve optimum results with the tiniest budget available. Our team is well vested in concept creation and actualization, which makes us an efficient choice for all your advertising concepts and implementation.

## **Events Management**

We take over your events from the idea stage till it becomes a successful project. Our team consists of experienced event planners and managers who are constantly seeking to improve their craft and offer quality services to our happy clients.

## **General Goods Supply**

Our brand provides quality goods and machinery to construction and mining companies, individuals and corporate entities looking for the best goods and machinery available.

We source our product and machines from the best manufacturers and distributors in the world. Our supply team also works around the clock to deliver your order within the stipulated delivery timeline.

We are committed to becoming a leading force in the supply of General Goods throughout the country.

## **Civil Works**

We have a team of experienced technicians who provide quality services to our construction clients. Our civil works department handles all major aesthetic works on your building project from tiling to bathroom renovations, kitchen fitting and general repairs.

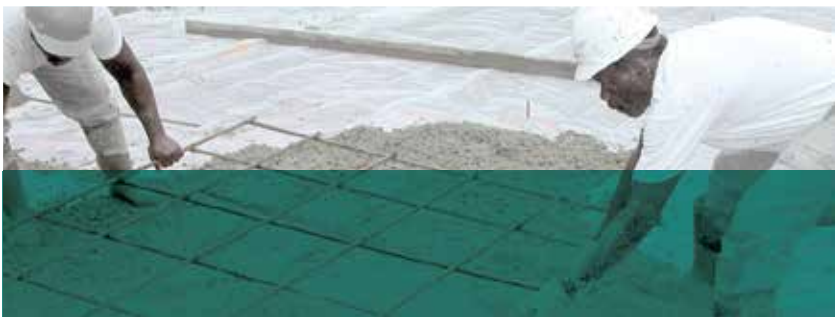

## **Building & Construction**

We take your minute building ideas and convert them into magnificent landed structures. Our services include building planning, construction, and finishing. We have a team of engineers and technicians who plan and execute the entire building project.

# Some of Our Clients

Partnership Triangle  
Merchant Limited

Renovation of offices at CTVET  
Bawuleshie East legon and  
Ghana Highways Authority staff  
housing(Roman Ridge)

# Our Work Process

## ***Contract Preparation 02***

Once we are satisfied with the details of your demands, we proceed to prepare a contract document that binds both parties to the project and the individual timelines for the project implementation.

## ***Project Planning & Commencement 04***

Once we have the contract off the table, we proceed to plan and commence the project. Project planning is done in tandem with the client and their team. In cases where the client wishes not to be part of the planning, our team handles the entire planning and submits the end product to the client for approval.

## ***Consultation 01***

We offer a short consultation service to kickstart each project. During this consultation, we try to understand your needs and how we can assist you. This consultation can either be face-to-face or online.

## ***Contract Review 03***

The completed contract is then sent over to you for your review and endorsement. We are open to any input from you at this point in the contract preparation.

## ***Project Completion and Review 05***

Once the project is completed, we sit down with your team again to review the project objectives against the actual results on the ground.

Where there are misalignments, we are ready to make changes to reflect the true objectives of the entire project.

# Our Governance & Policies

## Health, Safety & Environmental Policy

The safety and welfare of our employees is our most important value and we are determined to operate our business so as to ensure that all our stakeholders; employees, sub-contractors and the communities in which we operate, are kept free of injury and illness.

*We will achieve this by:*

- The application of a practical, functional and effective health and safety management system with a detailed programme of objectives and targets and focus on continual improvement.
- As a minimum compliance with legislation including The Management of Health and Safety at Work Regulations 1999, Construction (Health, Safety and Welfare) Regulations 1996, The Health and Safety at Work Act 1974 and the Construction (Design and Management) Regulations 2007 and all other applicable regulations, Codes of Practice and standards.

- Ensuring that all employees, sub-contractors and clients understand and endorse our vision of 'Safety First'.
- The elimination and control of hazards.
- Ensuring that all incidents are fully and transparently investigated and appropriate measures taken to prevent a recurrence.
- Undertaking regular audits and inspections of our work sites.
- Empowering all employees and sub-contractors to cease work where there is a threat to safety, through communication and co-operation.
- Providing training, education and information to our employees to assist them in their roles and responsibilities.
- Communicating clearly and practically company policies, site requirements, hazard awareness, controls and guidance.

*All employees and sub-contractors are required to:*

- Carry out their work in accordance with our safety rules and requirements and ensure controls are implemented accordingly.
- Report any incident which generates an actual or potential injury.
- Stop work where there is a threat to the safety of themselves or others.
